Sussman Shank LLP Launches New Website and Rebrand

JUNE 06, 2023

Sussman Shank is thrilled to announce the launch of its new visual identity and website.

The new logo for Sussman Shank LLP features the words "sussma" and "shank" stacked vertically in a bold, blue, sans-serif font. The "L" in "shank" is smaller and positioned to the right of the "k". The logo is centered on the page.

Our new logo represents a modern law firm anchored by our reputational gravitas and bench strength in the Pacific Northwest. There are two notable angles that separate the two names. The 'upward trajectory' angle signifies a firm at the cutting edge of law. The smooth curves speak to our approachability, accessibility, and agility. The other angle honors a firm that is foundationally grounded in our culture and relationships – we're balanced, sensible, and down-to-earth.

The new website invites visitors to easily find information about the firm's services, experience, capabilities, and how to contact us. The launch of the new website is part of Sussman Shank's ongoing efforts to make the firm more accessible to current and future clients, as well as professionals who are the right fit to join our team.

“We are thrilled to launch our new brand and website,” said Tom Stilley, Managing Partner. “Our goal is to better showcase our differentiators and make it easier for visitors to access information about our firm and the services we offer. Our firm personality is unique and we believe this website showcases that.”
