JUNE 04, 2024

Sussman Shank is proud to announce that our firm has been recognized as one of the “100 Best Green Workplaces” of 2024 in Oregon by Oregon Business Magazine.

This marks our fourteenth year on the list, which is a testament to our firm’s ongoing efforts and unwavering dedication to practicing sustainability. We are just one of seven law firms to be placed on the list this year.

Sussman Shank recognizes our responsibility for environmental conservation both within our workplace and throughout the legal industry. Sustainability is an important part of our firm’s values and we strive to foster a culture where employees know that they are making a positive impact every day.

The “100 Best Green Workplaces” ranking acknowledges organizations in the state that have demonstrated commitment to sustainable initiative. The rankings are determined annually by an anonymous employee survey and an independent assessment of the employer’s sustainability practices.
