Sussman Shank Supports Movember Campaign

DECEMBER 02, 2022

For the 14th consecutive year, Sussman Shank proudly participated in the Movember Foundation's annual Movember campaign. This campaign challenges anyone to grow a mustache, get active and take the Move Challenge, or host a fundraising event – all of which spark conversations and raise vital funds for men's health.

Throughout the month of November, our Sussman Shank team took part in raising funds and awareness for Movember in different ways. Some members boldly ditched their razors and grew out their moustaches. A Movember-themed scavenger hunt ensued and a three-part short film titled Moby Mustache was created. The month-long campaign ended with a firm-hosted Movember party with matching donations. This year, we raised nearly \$7,000 in support of Movember.

The Movember Foundation is the only global charity focused on men's health – specifically prostate cancer, testicular cancer, mental health, and suicide prevention. The Movember community has funded more than 1,200 innovative men's health projects across 21 countries. This work is dedicated to raising awareness and funds for men's health initiatives to help them live happier, healthier, and longer lives through investing
